Late Fees:

- If tuition is not paid on time, your child may not attend services the first day of the month and late fees will apply.
- Accounts with 1-month of overdue payments will be canceled

How are fees and payments are calculated?

The district conducts market research and takes into consideration local economy, operating cost and increases on district benefits. When rates are determined we do not look at the individual months because of all the breaks and holidays, instead we look at the annual cost based on 180 days of service. When we determine the annual cost (180 days) we then split the total annual cost into 8 equal payments and 2 prorated amounts for August and December.
